

CLIMATE ACTION

Carbon
Positive
2026

This is to recognise that

Ico Traders

Has measured the Category 1 to 6 emissions of their business operations for the year ended Year end 31 March 2026. The emissions measurement process has been undertaken in accordance with the requirements of ISO 14064-1:2018

Total Emissions: 121.4 Tonnes Carbon Dioxide Equivalents (t CO₂e)

Ico Traders has purchased offsets equivalent to 120% of its mandatory Climate Action methodology emissions which equate to 26 tCO₂e (excludes purchased goods & services which are calculated using a spend-based approach).

Offsets retired are:

Waipuna Bush – 60 PFSI NZUs: the indigenous forest located within the land on computer freehold CB26K/1012, CB7C/243, CB26K/1023, CB26K/1013, CB26K/1014, CB26K/1015, CB26K/1011, CB2B/457, CB8A/184, CB26K/1022, CB26K/1016, CB7C/244, CB26K/1018, CB26K/1019, CB26K/1020, CB8A/1236, CB26K/1021 and registered under the PFSI Replacement Scheme, as a Permanent Forestry Removal Activity under the Climate Change Response Act 2002.

Date Certificate Issued: 7 July 2026

Certificate number: 2026027
