
ICOTRADERS
WIRE FURNITURE & HOMEWARES

THE PHILOSOPHY IS SIMPLE: BUY LESS, USE IT MORE. REPAIR, REPAINT, REUSE, RECYCLE.
DESIGNING FURNITURE THAT LASTS.

Ico Traders is a small New Zealand furniture company, founded in Christchurch in 2012 by Miranda Osborne.
We design steel wire furniture, created to move around, made to stay in your life longer.
Every piece is named after somewhere in New Zealand. Each colour is hand mixed by Miranda, drawing inspiration from the land she lives in.
Ico Traders' furniture is made from solid steel wire, not tubular.
It is protected with a PDVF basecoat & powder coated in exclusive colours.
Steel is a sustainable material. It can be repaired, re coloured , reused & recycled.
Every design is simple on purpose.
Working with the same manufacturer we started with, means that the need for quality is understood & consistant.
Ico Traders holds Zero Emissions Certification and offsets 120% of its carbon footprint, with proceeds supporting native regeneration on Banks Peninsula. Sustainability is a measured, documented, ongoing commitment.
The business is small, transparent and we are proud of what we make.

"MY AIM IS TO DESIGN TIMELESS STYLES WITHOUT COMPROMISING INNOVATION OR FUNCTIONALITY. I HOPE YOU LOVE YOUR PURCHASES AS MUCH AS I LOVE DESIGNING THEM"
